

UHF RFID Tire Tag Parameter:		
Model Picture		
Model Name	UHF RFID tire tag	
Model No.	STP8	
Operating Frequency	860-960MHz	
IC Type	Impinj Monza4QT OR Alien Higgs3	
PC Memory Content	Unique, randomized number	
Read Distance US	3m-3.5m	
Applicable Surface Materials	Rubber, tires	
Tag Form Factor	Abnormality tags	
Tag Materials	Rubber	
Attachment Method	Vulcanization glue	
Dimensions	37.4*13*78*1.18in (95*35*3mm)	
Operating Temperature	(-25° to +150°C)	
Key Applications:		
New tire manufacture management		
Used tire trucking management		
Product Packaging:		
	First mode of Packing:	40 pcs/opp bag
	Opp bag size:	185(open)*160mm
	Total weight:	316g (approximate)
	Second mode of Packing:	50 pcs/opp bag
	Opp bag size:	185(open)*160mm
	Total weight:	248g (approximate)
